

Angelo Sagnori

SAP Data & Analytics and Data Engineer

Brazilian, Married – 40 years old. São Paulo – SP, Brazil.

Tel.: +55 11 97723-5208 | E-mail: angelo.sagnori@outlook.com | LinkedIn: <https://linkedin.com/in/angelosagnori/>

Professional Summary

Experienced IT professional with over 13 years in SAP Data & Analytics, specializing in implementation, optimization, and support of analytical solutions. Expert in SAP BW/4HANA, SAP Datasphere, SAP Analytics Cloud (SAC), SAP HANA, and Core Data Services (CDS Views), with deep knowledge of SAP BTP architecture and services. Skilled in data modeling, integration, and strategic KPI development, transforming data into actionable insights through strong analytical skills. Proficient in conducting workshops, collaborating with multidisciplinary teams, and designing efficient architectures integrating SAP platforms with cloud solutions like Google Cloud Platform (GCP). A highly adaptable problem-solver with excellent communication skills, driving innovation, digital transformation, and SAP Analytics solutions.

Professional Experience

Engineering Brazil Consulting

Position: SAP Data & Analytics, BW/4HANA, and SAC Consultant | Period: 10/2022 – 02/2025

Led a data modeling redesign project for Asset Management in SAP BW 7.5, extracting data from SAP PM, QM, PS, CO, and FI modules to enable asset and cost management reporting. Optimized extractors and models, facilitating migration to SAP Datasphere within a Data Fabric architecture, integrated with Google Cloud Data Lake to enhance data extraction performance. Developed SAP Analytics Cloud (SAC) dashboards for multiple departments at Eletrobras, a leading utilities company, improving decision-making efficiency.

UOL Group Company

Position: SAP BW on HANA Consultant | Period: 01/2022 – 07/2022

Supported SAP HANA improvement projects and integration using SAP Data Intelligence to migrate and store data in an AWS Data Lake, enabling Power BI reporting. Implemented cost-effective data migration strategies, reducing storage costs by 15% and enhancing data access efficiency.

Cast Group Consulting

Position: SAP BW/BO/HANA Consultant | Period: 09/2021 – 12/2021

Provided SAP BW consulting in enhancement projects, support, and proof of concept (PoC) for SAP Analytics Cloud involving Stories integrated into BI and Planning scenarios.

HVar Consulting

Position: SAP BW/4HANA and BO Consultant | Period: 02/2020 – 07/2021

Contributed to Project Move at Atvos, a leading agribusiness company, implementing S/4HANA Greenfield with SAP BW/4HANA for Sales, Procurement, and Controlling. Led post-go-live support, enhancing S/4HANA integration processes and modeling CDS Views for cost, expense, and procurement reporting using SAP Analysis for Microsoft Office and Power BI. Doubled data extraction performance in SAP BW, enabling real-time data analysis for improved decision-making.

Cast Group Consulting

Position: SAP BW/BO/HANA Consultant | Period: 01/2017 – 02/2020

FIESP - SESI/SENAI SIG Project: Participated in the implementation of SAP BW 7.4 on HANA, developing HANA Views 1.0, BW on HANA 7.4, and front-end solutions with SAP BusinessObjects 4.2 (SP3-SP5), Design Studio 1.6, and Lumira (2.0-2.2). Delivered operational, managerial reports, and dashboards, including balance sheets and cash flow analytics.

Exed Consulting

Position: SAP BW/BO Consultant | Period: 11/2015 – 11/2016

Led SAP BW 7.4 on HANA improvements at Votorantim Cimentos, focusing on sales and financial processes (FI-SL). Expanded custom extractors (Z-extractors) and master data models, significantly enhancing data performance and quality.

Capgemini Consulting

Position: SAP BW/BO Consultant | Period: 03/2015 – 10/2015

GRU Airport InteGRU Project: Implemented SAP BW 7.4 financial processes, integrating budgeting (CAPEX/OPEX) and financial reports using FI-GL, CO-OM, and SAP BusinessObjects 4.1.

Complex Consulting

Position: SAP BW/BO Consultant | Period: 10/2014 – 03/2015

Provided support for an internal fiscal solution, developing reports on CFOPs, invoice transactions, and BI front-end in BO 4.1.

Advanced Iteam Consulting

Position: SAP BW/BO Consultant | Period: 02/2014 – 10/2014

Enhanced SAP BW for Votorantim Metais, focusing on SAP PM maintenance order management. Conducted a 40-hour SAP BW 7.1 workshop for seven consultants from different SAP modules, covering ETL processes, extraction models, and BI reporting.

Finity Consulting

Position: SAP BW/BO Consultant | Period: 12/2012 – 01/2014

Participated in Project Integrar at Júlio Simões (logistics sector), implementing Fixed Asset models and headcount reports in SAP BW and Webi. Collaborated with Concremat in the implementation of financial dashboards for cash flow and treasury.

Capgemini Consulting

Position: SAP BW/BO Consultant | Period: 05/2011 – 10/2012

PepsiCo One Up Project: Developed new SAP BW models and reports. Liquigás BI Wave II Project: Improved data integration and reporting. Iguatemi Icaro Project: Delivered SAP BW modeling and Webi reports for shopping mall operations.

Education
